October

This week!

10/10/22: Happy Indigenous Peoples Day! The celebration of Indigenous Peoples Day took root in 1977 at an international conference on discrimination sponsored by the United Nations. It's grown as a day to honor Native American peoples and commemorates their histories and cultures.

Indigenous Peoples Day

Today we celebrate the people who first called this land home. We remember the struggles and tragedies they endured. We honor their place in and contributions to the shared story of America.
